

Maharashtra State Board of Technical Education

Certificate

This is to certify that Mr. / Ms
Roll No.....of Semester of
Diploma in
of Institute.....
(Code.....) has attained pre-defined practical
outcomes(PROs) satisfactorily in course
for the academic year 20.....to 20..... as prescribed in
the curriculum.

Date:.....

Enrollment No.....
Exam Seat No.

Course Teacher

Head of the Department

Principal

Week no: 1

From date: 28 July to date: 3 Aug

Activities Planned:

- Searching for topics
- Gathering information regarding project topics

Activities Executed:

- Discussed many topics which don't have any type on software solutions.
- Discussed various issues in various fields which can have their efficient solution as software.

Reason for Delay (If any):

- We were not able to decide our project topic since we haven't come across any of the issues which caused due to lack of software.

Corrective Measures Adopted:

- We searched for topics thoroughly.

Remark and Signature of the Guide:

Week no: 2

From date: 4 Aug to date: 10 Aug

Activities Planned:

- We planned a meeting with farmer.
- We arranged a meet with small shops related to farming.

Activities Executed:

- We met with farmer and discussed about his exposure to vegetable market.
- We met with the pesticide shopkeepers and ... shopkeepers and gathered information about pests and other farm related products.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 3

From date: 11 Aug to date: 17 Aug

Activities Planned:

- We arranged a meet with an Exporter.

Activities Executed:

- We talked to exporter about what issues he is facing now-a-days.
- We observed their products.
- We observed their ways of transportation.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 4

From date: 18 Aug to date: 24 Aug

Activities Planned:

- To observe end to end transportation of the products and raw materials.
- We arranged meet to the transporters.

Activities Executed:

- We noted down all the processes happening in exportation process.

Reason for Delay (If any):

- We didn't able to meet with the transporters due to busy schedule.

Corrective Measures Adopted:

- We observed his schedule and rearranged the meeting again.

Remark and Signature of the Guide:

Week no: 5

From date: 25 Aug to date: 31 Aug

Activities Planned:

- We rearranged the meeting with the transporter.

Activities Executed:

- We noted down all the information provided by the transporter.
- We asked transporter about the problems or issues he may face often.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 6

From date: 1 Sept to date: 7 Sept

Activities Planned:

- We planned to gather more and more information from other sites.
- We planned to design our software.

Activities Executed:

- We visited to lots of sites related to exportation and transportation.
- We decided to create a web application which can resolve the issues of farmers, exporters, transporters & other related stake holders.
- We started fetching information about how our web application should look like

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 7

From date: 8 Sept to date: 14 Sept

Activities Planned:

- We planned about contribution of each member in the project.
- We planned about the interface regarding the website.
- We planned about how the website should react with the users.
- We decided which users may interact with our web application.

Activities Executed:

- We discussed in the group about each other's configuration in the project according to their own expertise.
- We successfully decided how the web application should look like.
- We successfully decided how the web application should interact with the users.
- We observed that there would be following users which may interact with our web application:
 1. Farmer
 2. Exporter
 3. Transporter
 4. Shopkeeper

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 8

From date: 15 Sept to date: 21 Sept

Activities Planned:

- We planned about the menus, items, options, etc. elements which should be added in the web application.

Activities Executed:

- We successfully decided which elements should be shown to which user and on which situations.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 9

From date: 22 Sept to date: 28 Sept

Activities Planned:

- We planned to create a small model of the web application.
- We arranged a meet with the farmer, transporters, our exporter & other stake holders.

Activities Executed:

- We successfully created a model of our project.
- We met with the farmer and other stake holders (other than exporter and transporters).
- We successfully showed demo to the farmer.
- We noted down all his opinions given by the farmer.

Reason for Delay (If any):

- The meeting with the exporter and transporters was cancelled because they were not available due to their busy schedule.

Corrective Measures Adopted:

- We rearranged the meet according to their schedule.

Remark and Signature of the Guide:

Week no: 10

From date: 29 Sept to date: 5 Oct

Activities Planned:

- We again planned the meeting with the exporter and planned to show him the demo for created model.
- We again planned the meeting with the transporter and planned to show him the demo for the created model.

Activities Executed:

- We successfully showed the demo to the transporters and exporter.
- We noted all their opinions regarding the model.
- We noted down all their issues while observing the model.
- We asked if they have any doubts regarding the model and answered them.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 11

From date: 6 Oct to date: 12 Oct

Activities Planned:

- We planned to do all the corrections suggested by exporter, transporter and farmer.
- We planned to create a proper design for our web application.
- We targeted to understand algorithm to find cost of human resources and training costs.

Activities Executed:

- We made all the corrections suggested by exporter, transporter and farmer.
- Our design is now half completed
- We tried to understand algorithm to find the cost of human resources and training costs.

Reason for Delay (If any):

- The web application is becoming so much complex that we need more time for designing.
- The algorithm is much complex to understand.

Corrective Measures Adopted:

- We will complete the designing process after next two weeks.
- We will understand the algorithm from a higher educated person.

Remark and Signature of the Guide:

Week no: 12

From date: 13 Oct to date: 19 Oct

Activities Planned:

- We planned a meeting with a software company to know how they work on such projects.
- We planned to design a set of questionnaires to understand the required technologies and how to implement them.

Activities Executed:

- We met to a software company named “Vertex Technos/Gayatri Infotech”.
- We asked all the questions which may help during the development of our project.
- We understood which technologies should be used while projects development and how.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 13

From date: 20 Oct to date: 26 Oct

Activities Planned:

- Summarizing all the knowledge about the project we got.
- Preparing a final design of the project.

Activities Executed:

- We have made a summery about the project on all the know the knowledge we have got throughout the planning process.
- We have started to make the final design of the project and it is intended to end in maximum 7-8 days.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:

Week no: 14

From date: 27 Oct to date: 2 Nov

Activities Planned:

- Planning a meeting with the stakeholders (farmers, exporters, transporters).
- Planning to make all the corrections told by the stakeholders.

Activities Executed:

- We met with the stakeholders for confirmation of the design of the final output that we want to create to get us and them total clarity about the final outcome.
- We are working on the corrections the stakeholders had told us.

Reason for Delay (If any):

- The stakeholders had told us some changes that made us to change lots of dependencies that took so much time to be changed.

Corrective Measures Adopted:

- We worked on the design for extra 2 days and made the design ready.

Remark and Signature of the Guide:

Week no: 15

From date: 3 Nov to date: 9 Nov

Activities Planned:

- Trying to prepare final design which can be agreed by all the stakeholders.
- Preparing a presentation about the project design and how it would behave.
- Arranging a meet with the stakeholders for giving the presentation.

Activities Executed:

- We made the final design and its presentation to present in front of the stakeholders to make them clear that what we are going to do and how.
- We successfully arranged a meeting with all the stakeholders.

Reason for Delay (If any):

No Delay

Corrective Measures Adopted:

Remark and Signature of the Guide:
